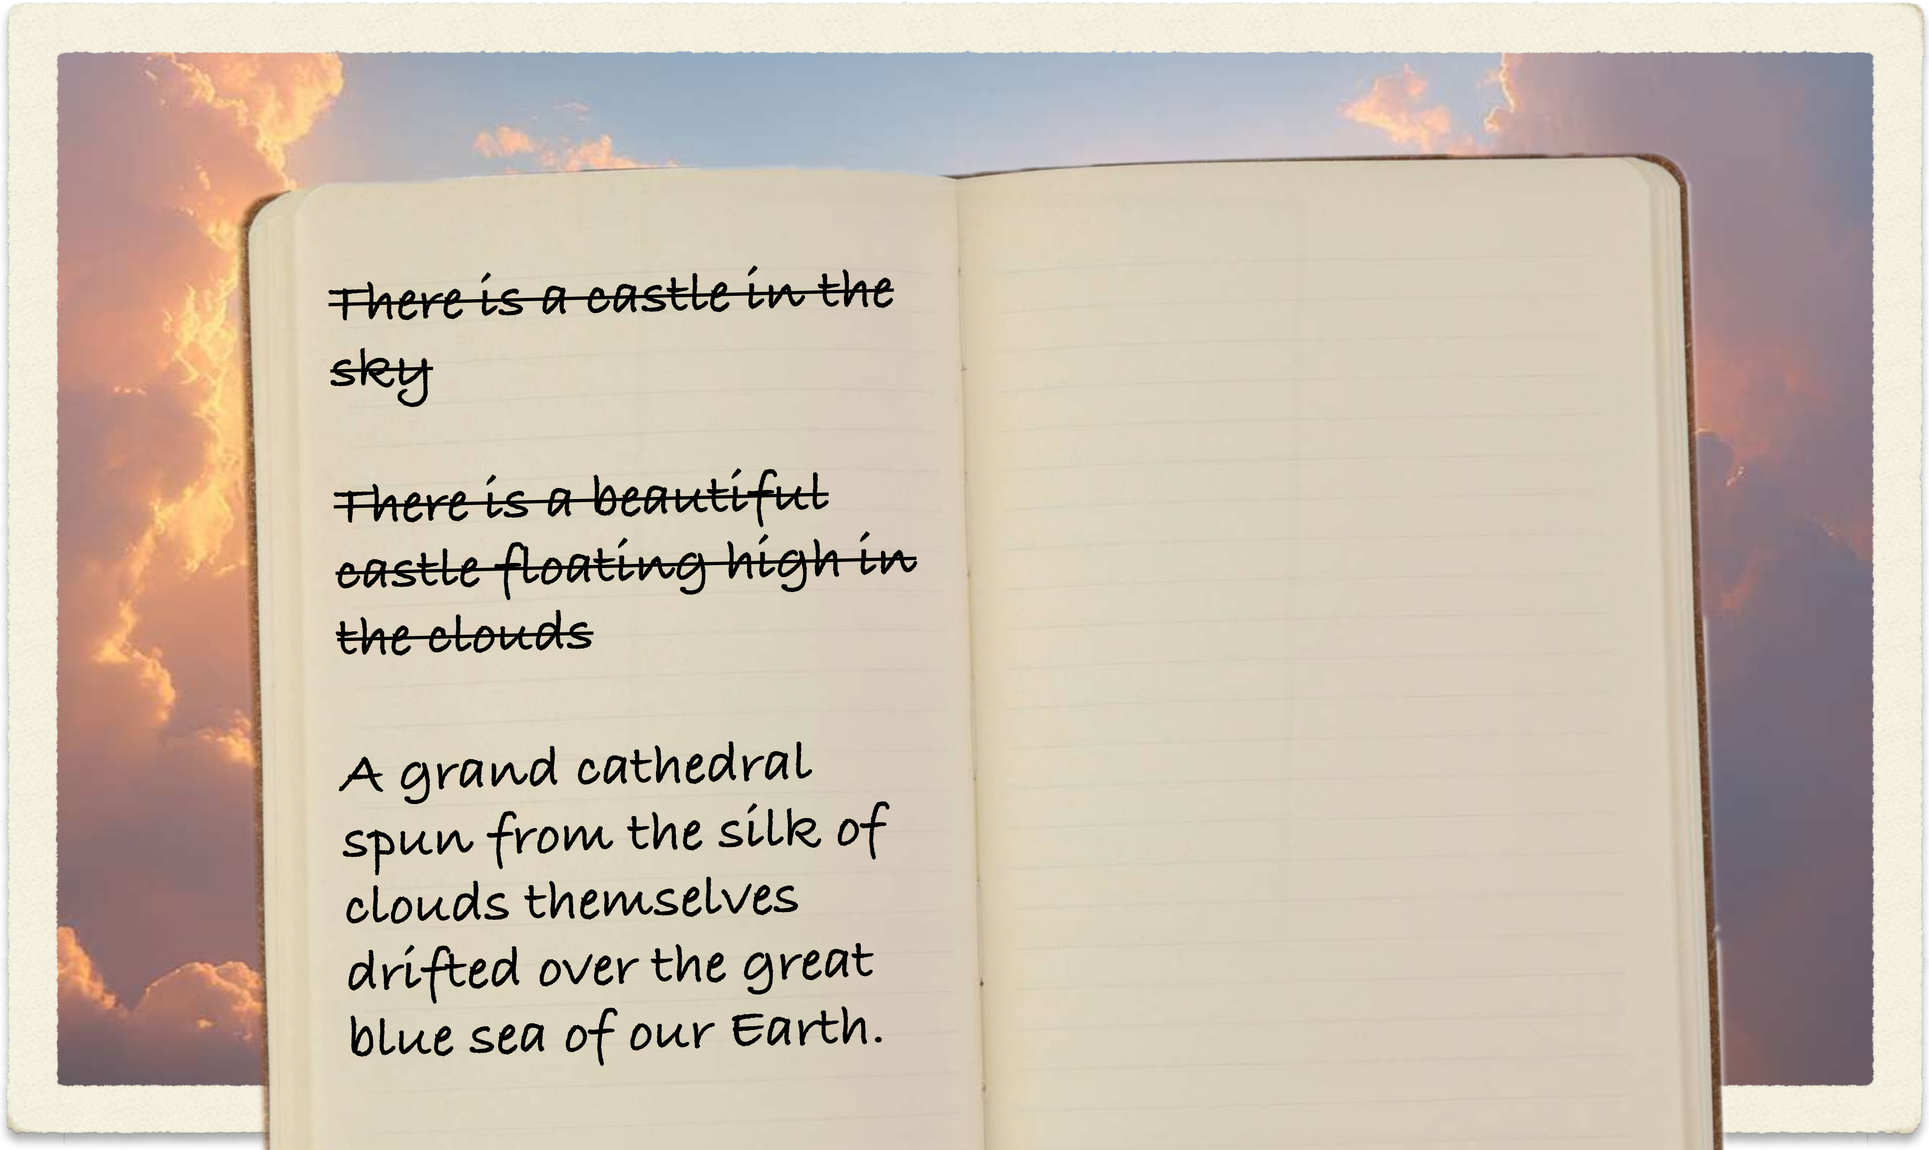
Magritte



~~There is a castle in the sky~~

~~There is a beautiful castle floating high in the clouds~~

A grand cathedral spun from the silk of clouds themselves drifted over the great blue sea of our Earth.

A great idea isn’t bound by medium, it’s bound by it’s creator.

Strip away the pixels, pages, and screen.
What's left is your castle in the sky.

Every material, medium, and platform has a language.
