Always remember that you are  
absolutely unique.  
Just like everyone else.

Overlook A human data = the human ideal  
BMI = body mass index  
Strengthen the power of some  
& dehumanize others

80/20 rule  
misconcept  
80% majority of population  
& 80% important product problems to solve

What if this average human is simply a MTF?

Visual alphabet

#1

Use sketchnotes as  
reminder  
not as reference book

#2

Don't aim for  
perfection

#3

Only use 2 to 3 colors

# 4

Leave enough space for  
ideas and thoughts

# 5

Just go with it ☺

# # 6

Use emojis or google search  
to see how to draw  
something specific

# # 7

Create an icon library  
at the end of the book

# 8

Don't write everything  
just because

# 9

Don't attempt to write  
long code blocks

# #10

Write the text first  
and then draw the banner
